RII30820 CERTIFICATE III IN CIVIL CONSTRUCTION PLANT OPERATIONS

This qualification reflects the role of individuals working as skilled operators with civil construction plant, who apply a broad range of skills in varied work contexts, using some discretion and judgement and relevant theoretical knowledge. Successful participants may provide theoretical advice and support a team. The course is designed for individuals to gain the skills and knowledge required to work safely and competently across a range of work tasks that are carried out regularly within civil construction. Plant operator training and assessment for skid steer loader, excavator, wheeled front end loader, roller and backhoe are also included in this course. Upon successful completion participants are awarded RII30820 in Civil Construction Plant Operations.

COURSE STRUCTURE

UNIT CODE	UNIT TITLE
RIIBEF201E	Plan and organise work
RIICCM201E	Carry out measurements and calculations
RIICCM202E	Identify, locate and protect underground services
RIICCM203E	Read and interpret plans and job specifications
